

FAMILY DIGITAL MEDIA CONTRACT

Creating a healthy balance between the digital and physical world.

1. THE "BEYOND THE SCREEN" PROMISE

- ☐ We will prioritize face-to-face connection. All devices will be put away during family meals and "Tech-Free" hours.
- ☐ We will balance every hour of screen time with at least 30 minutes of physical activity or outdoor play.
- ☐ We will use screens for creation (coding, art, writing) as much as we use them for consumption (watching, scrolling).

2. SAFETY & PRIVACY RULES

- ☐ I will never share my real name, address, phone number, or school with anyone online without a parent's permission.
- ☐ I will inform a parent immediately if I see something that makes me feel uncomfortable, scared, or confused.
- ☐ I will keep my passwords private from everyone except my parents.

3. THE "TIRED BUT WIRED" RESET

- ☐ All screens will be turned off at least 60 minutes before bedtime to allow the brain to rest.
- ☐ Devices will be charged overnight in a central family location (not the bedroom).
- ☐ If I feel irritable, angry, or "glazed over" from a device, I will take a 15-minute "Slow Tech" break (reading, drawing, or nature).

4. CONSEQUENCES & REWARDS

We agree that if these rules are broken, the device will be taken away for ____ days.
If these rules are followed for a full month, we will celebrate with a family outing to:
_____.
